503.341.3381

shawnaj@todos-juntos.net

This is a great workshop on how your child's brain is developing, why they act the way they do, and how you as a parent can help them grow and learn. Learn how this information can help your child have less tantrums, have less stress, and build a greater bond.

Contact us today to sign up for this great class, enjoy a family dinner on us, and we will have fun activities for your children while you are in class.
